

The LMS Partner of Choice for Local, State, and Federal Government.

Meridian KSI has been the most trusted LMS partner of Federal agencies for years, with implementations in all four branches of the military and over half of all Federal departments — now state and local governments are discovering what organizations like GSA, FBI, and the Department of Energy already know.

A partnership with Meridian is the way to build a better-trained, better-informed workforce. Meridian has extensive experience meeting the specific needs of government agencies at all levels, addressing issues of compliance, accessibility, and security while delivering more effective training more efficiently.

The LMS Partner for Organizations of Any Size.
